Modern Visitor Management

Modernize your visitor management with MySelfParking. Effortlessly permit and control access to your property with precise controls and detailed reporting.

Your tenants will love the ease of scheduling and managing their personal guests, while your employees will benefit from reduced manual and error-prone visitor check-ins.

Save time and reduce costs
- Tenants digitally pre-register their visitors
- Front desk or security checks in the visitors
- Tenants receive an Email or SMS notification instantly
- Seamless check-in with mobile friendly digital passes

Enhanced Security
- All visitor activity is recorded
- Reduced manual errors
- Digital Passes for Personalized Visitors

Benefits for operators
- Comprehensive reports and analytics
- Email & SMS Notifications
- Improved visitor experience
- Reduced phone calls and confusion
